Fueling my curiosity with code, innovation, and the endless pursuit of knowledge.

ABOUT ME

Hello! I'm **Sian George**, a curious mind and a relentless creator, constantly exploring the ever evolving world of technology. As a **Computer Science and Engineering** student at **FR.CRCE**, I'm driven by a passion for innovation, always seeking to transform ideas into impactful solutions.

With a keen interest in **web development**, **artificial intelligence**, and **software engineering**, I immerse myself in learning, experimenting, and refining my skills. For me, technology isn't just about code, it's about crafting experiences, solving real-world problems, and shaping the future.
